

## Political Forces Becoming Active in Rocky Mountain Constituency

Rumor Indicates Each Party Will Have Candidate, With Independent Candidate in Addition

Expect Local Organizations Will Shortly Call Nominating Conventions to Decide on Action

With a provincial election announced to take place in June, the various political forces are becoming active, and rumors have begun to circulate as to possibilities for candidates as leaders of the local forces. Rocky Mountain constituency naturally is strongly labor, and has been represented for some years by C. F. Christophers, of Blairmore. With his definite retirement from the field, and his removal to Edmonton, the way is open for new aspirants.

In the local labor organization, the name of James Fairhurst has been freely mentioned, though nothing official has been given out by the party, and when interviewed on the matter, stated he had no knowledge of whom the choice was likely to fall on.

However, in view of his past experience as a campaigner in the Federal field, when he opposed the sitting Federal member, G. G. Coote, he has a number of supporters who believe that he would be a good champion for the Labor forces in this constituency.

For the Liberals, rumor is rife that they have their eye on a well-known gentleman of Blairmore, who has been a resident of the Pass for many years, is well known to all classes of the population and who has many friends in the ranks of organized labor. There has been no meeting to date of the constituency organization, and no information has been gleaned from the constituency executive, so that statements as to candidates are purely speculative. At the same time they are causing no little talk among active political supporters in the various parties.

In the Conservative ranks, hope is placed on Major R. F. Barnes as a local champion. A barrister by profession, and well versed in local problems, his candidature would be viewed with considerable popular favor. He is a westerner, and prior to the Great War lived in Macleod.

## Canada's Trans-Atlantic Challenger

While her builders maintain secrecy as to her engines, the new Canadian Pacific liner "Empress of Britain" is hailed by newspapers in the Old Country as a challenger in the Atlantic speed race. The London Daily Chronicle declares that "she will prove a formidable rival of the Bremen, and in any case will set up a new Atlantic speed record, for the journey from Southampton to Quebec will be made in five days or less."

So far the Canadian Pacific has made no claims for the new liner beyond the statement that she will bring Canada one and a half days nearer to England and will be the most luxurious liner on the seven seas. Every first class cabin is to be an outside room with natural light and air and the room without bath attached will be unusual. Other ways in which the \$15,000,000 new ship is costing will be spent includes two stages fully equipped for theatrical performances, Turkish baths, swimming pool, squash racket court (the first on an ocean liner), full size tennis court on sports deck, beauty parlours, violet ray installations and a series of public rooms designed and decorated by prominent members of the Royal Academy.

Serving in the air force, he returned to Canada and about six years ago commenced practising law in Coleman.

To add spice to the political speculations, there is talk of an independent candidate being nominated by a number of supporters of James Bewsher, miner, who is well known in the various western coal camps. For some time he was employed at the International mine, coming here from Nordegg.

Owing to there having been various local matters, such as wage scale agreement, doctor's agreement and other contentious matters before the miners, practically nothing so far has been done towards arranging nominating conventions. However, it is rumored that the wage agreement is likely to be accepted by both sides very shortly, so that the way will be clear for consideration of the political situation.

Rocky Mountain constituency will provide an interesting contest in the preliminaries for the nominations in the respective groups, and the meetings in the next few weeks prior to the election in June will be watched with keen interest.

## Advertise the Town

No business man in any place should allow a newspaper published in his town to go without his name and business being mentioned somewhere. It does not mean that you should have a whole, half or even a quarter page ad but your name should be mentioned if you do not use more than a two-inch space. A stranger picking up a newspaper should be able to tell what business is represented in town by looking at a paper. This is the best possible town advertiser. The man who does not advertise his business does an injustice to himself and the town. The life of a place depends on the live, wide-awake and liberal advertising man — American Bankers Magazine.

## Cameras Free to 12-Year-Old Children

Commencing to day McBurney's drug store will give free to any Coleman child whose twelfth birthday occurs this year (1930) a hand-some camera and one film. The Eastman Company, manufacturers, are distributing 500,000 of these cameras throughout the United States and Canada for children whose twelfth birthday falls this year.

One insertion of a classified sold some chickens advertised in The Journal, besides several other prospective purchases wanted to buy. If any other person wants to sell chickens, use the short cut to the buyers by advertising in The Journal; it goes into the homes.

## Local Business Man Heads New Company

Alex. Morrison With Others Organize Company to Drill in Red Coulee Field

Inland Petroleum, Ltd., is the name of a new company that will participate in the development of Southern Alberta's petroleum resources. A charter has been applied for on the basis of 1,000,000 shares of no par value and Alex. Morrison of Coleman, heads the syndicate that will form the nucleus of the new operating company.

Associated with Mr. Morrison are a group of prominent mining men of Alberta and British Columbia and the company is already financed for its first well. The first well will be drilled in Red Coulee but the exact location has not yet been spotted.

The holdings of Inland Petroleum consist of 240 acres in Red Coulee, more than 3,000 acres on the Blood reserve near Commonwealth, 1000 acres adjacent to Weyburn on the Mill Creek structure, 80 acres near Dauntless No. 2 in the Skiff field, and 200 acres on the Watson structure near Lundbreck. These holdings have been carefully selected and the new independent operating unit will be launched under very favorable conditions. It is hoped to have the Red Coulee well drilling early in the present season.

Mr. and Mrs. Frank Celli motor ed on Wednesday, with Ed Glover, to their fruit ranch at Creston.

## Trial Flight of Pigeons Macleod Last Saturday

First Trip of Season Did Not Show Fast Time, But Owners Expect Better Results

Prizes Given for Competitors

On Saturday over 50 homing pigeons belonging to Coleman fanciers were taken to Macleod and released for a flight to Coleman. It was 2:40 p. m. when the first three birds arrived, two belonging to John Anderson and one to W. Roughhead. Others belonging to Chas. Makin and R. Sudworth arrived two minutes later, and one belonging to A. Dewar arrived at a minute after three p. m. On Sunday a number arrived, and on Monday morning one of Mr. Dewar's arrived. Of the 55 released, 43 had returned by Monday, but the owners considered it likely the remainder would return.

As this was the first try-out of the season, it accounts for the slow time the birds made, as they were released from Macleod at 12:40, and the first time in here took 1 hour 58 minutes to make the flight. Ordinarily the flight should have been made in a little more than an hour, it being a distance of 60 miles by road.

Those who had pigeons in the flight were John Anderson, Chas. Makin, Alex. Dewar, W. Roughhead, Jean Claus and W. Pryde.

The next flight will be from Lethbridge in Coleman, and later from Medicine Hat. One of the birds which was Saturday's flight was in the Medicine Hat to Coleman race last year. This is a distance of 208 miles by rail.

In order to add interest to the local homing society, prizes have been donated by the following: Competition cup by Geo. Pattinson, pair of shoes valued at \$10 by W. Hill, pair of slippers by Anriol's Shoe Store.

A meeting of pigeon fanciers is to be held in Calgary on May 24, at which it is proposed to organize an Alberta federation of fanciers, and arrange provincial competitions.

## Prize-Winners at Oddfellows Dance

Prize-winners at the Oddfellows social last Friday evening were Mrs. Easton, Mrs. Pryde, Ed. Ledieu and W. Griffiths. The draw was also made for the prizes given by Mrs. Grant in aid of her husband, the result being as follows: Manicure set, ticket 69, won by Mrs. Stokes; shaving set, ticket 772, (name not known); bed spread, ticket 356, won by J. Hopkins, Jr. The shaving set will be delivered to the party having the ticket bearing the number drawn, and it has been left at The Journal office. Mason's orchestra furnished the music for the dance following the card games.

In a letter received by The Journal, Mr. J. C. Cox, writing from London, stated that he expected to sail from Liverpool on May 9, reaching Montreal on the 16th. He intended to visit Paris and other continental cities before returning. He sailed from New York for England on March 8.

## WARNING

Persons trespassing or cutting trees or fence, or causing other damage on my property north side of Blairmore road will be prosecuted to the full extent of the law.

J. Michalsky.

## No other Orange Pekoe can equal this in flavour

### Cause For National Gratification

Profound satisfaction will be felt by the people of Western Canada, in common with the rest of the world, in the successful outcome of the Five Power naval conference in London, England. That satisfaction is all the greater, and the feeling of relief more pronounced, because of the many predictions freely made during the progress of the conference that its results would be all, and quite abortive in the realization of the hopes in which it was conceived.

Because there were many conflicting viewpoints to be reconciled, many difficulties to be overcome, and the conference ran on month after month, the pessimists told an anxiously awaiting world that nothing would be accomplished because nothing could be; that the nations were still so suspicious of each other that they were afraid to disarm in even the slightest degree; that the old game was still being played with each nation trying to get some advantage at the expense of others.

But with the signing of an agreement by the three greatest naval powers, and acceptance of a portion of the agreement by the next two naval powers, the dire prophecies of the pessimists have been proven foundationless. Instead, the splendid optimism, the unflinching patience and courage of Ramsay MacDonald have triumphed, and a great forward step taken along the road to permanent world peace.

After a world war lasting more than four years, why should people have become discouraged and foreseen failure because a period of three months was required in discussion of the many knotty problems confronting the naval conference before a solution was found?

The British Commonwealth of Nations, the United States of America, and the Empire of Japan have found themselves whereby they undertake to reduce their naval armament and expenditures and voluntarily impose restrictions on themselves. The number, size and armament of ships of war is limited. And who, a few short years ago would have imagined it possible, all five powers agree that information will be given to each by all the others "of vessels it is building" in replacement of obsolete, abandoned and destroyed ships. This is not preparation for war, but for the maintenance of peace.

But the great achievement of the conference is not to be found so much in the actual reductions decided upon, or the limitations of actions voluntarily assumed, as it is in the established fact that the policy of friendly consultation between nations has been given an impetus which will undoubtedly grow. This more than anything else must all the world with hope for the future.

The conference has also established beyond all possibility of dispute that no matter how far the leaders of a nation may be prepared to go in the matter of disarmament, they can only proceed as far as public opinion in home will support them in going. The belief is general that the conference would have gone to even greater lengths in disarmament had the various representatives there felt assured of support at home, and that their willingness to make concessions would not be used to overthrow the whole project when referred for final ratification by their national assemblies.

The great lesson of the conference for all peace-loving people is, therefore, the vital necessity of an awakened and informed public opinion in every land on the awful subject of war and preparation for war, rather than preparation for peace. Once again has it been demonstrated by this naval conference that no Government can move very far in advance of public opinion, no matter how laudable may be the motives by which it is inspired or praiseworthy the object sought to be attained.

It is the rank and file, the great mass of the people who must become peace-minded. It is the masses who must be informed and taught to shed their suspicions of their neighbors. The more ardent advocates of peace, the peoples of all nations become, the more quickly will their recognized leaders and responsible statesmen write those wishes into solemn agreements and binding treaties.

Canadians, perhaps more than any other people in the world, have cause for thankfulness and rejoicing in the reaching of a naval understanding between the British Commonwealth, the United States and Japan. We are part and parcel of the British Commonwealth, while our nearest neighbors are the United States and Japan. With the former we have much in common, while with the latter by reason of our geographical position we must have ever increasing intercourse. Furthermore, any misunderstanding between the United States and Japan could hardly fail to react with injury to us. That all are in accord in cause for deep gratification in Canada.

### Should Finish Studies

#### In Canadian University

British Students Who Settle Here Would Find It Helpful

British students who wish to settle in Canada should complete their studies in Canadian universities. This is the conclusion arrived at by Dr. Cyril Norwood, headmaster of Harrow, and chief of the party of headmasters of British public schools who are now touring Canada.

Dr. Norwood has based his conclusions on a study of the Canadian universities the party visited in Quebec and the Maritimes. He hoped the future would see more Canadian students at Oxford, Cambridge and London, but felt the most important requisite for success in Canada was training in a Canadian university. There was a movement on foot, he said, to make the University of London the research centre of the empire.

Iceland's foreign trade is increasing.

### Headache

Let Minard's drive it away. Bathe the forehead. Also inhale liniment, heated.

### Queer Insects In Peru

#### Certain Type Of Ant Is Used In Surgical Way

There are surgical ant martyrs in Peru. Advice from an expedition of the Field Museum tell that when a native of the equatorial forest is wounded, he gets a certain type of ant with powerful jaws. The ant is made to bite severed edges of skin and bring them together. The surgeon loses his life in healing.

After he bites his body is snipped off and his head with its death grip on the skin remains till the wound is healed.

### Heal the Sprain with Minard's.

#### Africa Has Aerial Studio

Plane Was Especially Built For Mapping Country

Built especially for the photographing of an area of 63,000 square miles in Northern Rhodesia, an airplane is soon to be put into commission. The machine is literally an aerial photographic studio. It can be flown at a height of 20,000 feet and remain at this altitude for seven and one-half hours, while the pilot and photographer map the country below. As most of the flights will be over a wild country the plane has two engines so that if one falls the other will carry the machine to safety.

German scientists have succeeded in obtaining electric current from storm clouds in a Swiss mountain and controlling the sparks produced.

Seventy pieces of wood go into the making of a violin

### Discovery Of Danish Farmers

Sale Of Milk By The Foot Is A Possibility

Milk will shortly be on sale by the foot, following important experiments at a Danish farm.

It has been found that when the natural water is withdrawn from cows' milk the remaining pulp substance can be rolled into sheets similar in appearance to paper.

Special machines have been made to carry out this rolling process on sanitary lines, and the milk becomes so highly concentrated that it is a food in itself.

When required in liquid form it is simply dissolved in boiling water and its strength gauged by the amount of water added.

### OWES HER HEALTH

#### TO PINK PILLS

This Weak Anaemic Woman Now Rejoices In Health and Strength

It is a scientific fact that nearly all the ills that afflict women are due to poor, thin blood. Anemia is the cause of low spirits and languidness, the poor appetite, breathlessness and aching backs that make life a burden for so many women. But suffering women could banish all these miseries by taking Dr. Williams' Pink Pills, for it is a known fact that these pills create an abundance of new rich blood. Their wonderful reputation is based on that. Proof of these statements is given by Mrs. L. Deschamps, La Tuque, Que., who says: "Before I began using Dr. Williams' Pink Pills I was in a very run down condition. I appeared to be almost bloodless, had frequent headaches, and the least exertion would leave me breathless and worn out. My husband advised me to try Dr. Williams' Pink Pills and I got for me six boxes. Almost from the first I noticed an improvement in my condition, and as I continued taking the pills my blood became better and steadily grew stronger. Till today I am enjoying the best of health. I am now able to do all my household work without feeling the least fatigue; my appetite is better and I sleep more soundly at night. All this I owe to Dr. Williams' Pink Pills, and I unhesitatingly recommend them to all who are run-down in health." You can get Dr. Williams' Pink Pills at all drug stores or they will be sent by mail for five cents. Write to Dr. Williams' Medicine Co., Brockville, Ont.

### Canada Has Exclusive Method

Quality Of Canned Goods Must Be Marked On Label

Canada is the only country in the world so far to require the quality of canned goods to be clearly marked on the label so that the housewife can buy with the assurance that she is getting what she wants. Under the provisions of the Meat and Canned Foods Act, administered by the Fruit Branch of the Dominion Department of Agriculture, there are four quality grades: "Fancy," "Choice," "Standard," and "Second." "Always buy by the quality mark" is a slogan now being applied to home buying with a real value.

Persian Balm is unrivaled for promoting feminine loveliness. Tones and rejuvenates the skin. Makes it exquisitely soft-textured. Makes hands flawlessly white. Especially recommended to soothe and relieve roughness or chafing caused by weather conditions. Indispensable to every dainty woman. Cool and refreshing. Delicately fragrant. Masical in results. Never leaves a vertige of stickiness. Persian Balm is the one toilet requisite for a woman who cares for charm and elegance.

### Canada's Forest Area

The total forest area of Canada is estimated to be 1,151,454 square miles. Of this area, 865,880 square miles are productive and accessible; a little over one third of this area bears timber of merchantable size; the remainder carries young growth not yet fit for use.

A railroad in Japan provides third class sleeping cars for its poorer patrons.

## Do Your Ears Euzz With Loud Noises?

This is an infallible sign of Catarrh, and if not checked may result in partial deafness. The simplest remedy is CATARRHOZONE — inhale its soothing vapor a few times daily, and it prevents Catarrh from spreading. Head noises, buzzing and ringing in the ears are soon corrected by CATARRHOZONE. Nasty nose-discharges are stopped. Sore, inflamed crusting are healed. Sickening mucus which drops back from the nose to the stomach is done away with. Headaches depart. The breath is purified. You will be free from colds, coughs, sore throat and Catarrh if you use CATARRHOZONE. Two months' treatment \$1.00; small size, 50c. At all dealers.

### Boosting For Canada

Many Cities In Britain Have Held "Canada Week"

There has not been much said in Canadian newspapers about the city of Bristol's "Canada Week" and the event should have been taken more notice of than it was.

Bristol is a city of 400,000 people. It has just had a "Canada Week," which consisted of a campaign for the buying of goods made in Canada. Pages of newspaper advertising space, posters, window displays of Canadian merchandise, and other forms of publicity were given to our products, and the cumulative results must have meant the selling of many thousands of dollars worth of goods, besides the value of introducing lines of Canadian goods to Bristol purchasers for the first time.

Glasgow, with a population of over a million, and several other big cities, have held "Canada Week," and Canada must have derived a large amount of permanent benefit from them.

Such gestures of good-will deserve the practical approval of Canadians. There is a great deal more boasting of Dominion products in Great Britain than there is of English products over here. The Empire Marchant spends about \$5,000,000 on the promotion of the sale of Empire goods in the British Isles. We sell a vast quantity of merchandise over there, and then spend most of our money in buying United States goods.

Canada will wait till the moon turns into cheese before a "Canada Week" is staged in one of the big cities over the border.

Miller's Worm Powders do not need the after-help of castor oil or any purgative to complete their work, because they are thorough in themselves. One dose of them, and there will be found palatable by all children, will end the worm trouble by making the stomach and bowels untenable to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs.

### Has No Known Parallel

Two British Families Have Produced Outstanding Men For Generations

The death of the Earl of Balfour recalls the fact that for centuries two British families have produced big men for generation after generation—the Cecil's and the Churchill's. There is no known parallel for this in any other land or in any other age.

The Pitts, father and son, were premiers of Great Britain, but it ended there, and of practically all other men of note in the old land the descendants have not attained any other honor save that of carrying a big name.

If it be true that the mother transmits mentality, then the Cecil's and Churchill men must have an uncanny habit of selecting unusual wives.

### Established a Record

Thirty-two years on a water wagon is a record of civic service which will take some beating, and when there is added to that a service of over 29 years, as driver of the town's fire team, during which he missed only one fire, and the record of John Tozer of Port Hope, Ont., seems to be complete.

### Chicken Cannery

The construction of a \$25,000 chicken cannery is to be operated in connection with the B.C. Egg Pool and with other poultry raising concerns of the Fraser Valley, is planned for New Westminster. It will be a private venture.

One of the most thrilling drives in the mountains of Western Canada is along the new motor road to the top of Mount Revelstoke, in Mount Revelstoke National Park, a reservation of 100 square miles in British Columbia.

The polar bear has hair on the soles of his feet, which helps it to avoid skidding on the ice.

Minard's Checks Falling Hair.

## Millions Dedicated To Humanity's Service

Huge Sum Set Aside By Mayo Bros. For Medical Education and Research

The millions of dollars that Doctors William and Charles Mayo have made through their world-famous clinic at Rochester, Minn., will not go to their families when the two great surgeons die.

Instead this money — the "holy money," as the brothers call it, now totalling in the neighborhood of \$13,000,000 — will be dedicated to humanity's service through the Mayo Foundation for Medical Education and Research, affiliated with the University of Minnesota.

Meanwhile the two brothers have put themselves on "salaries" which do not amount annually to nearly half of their incomes. All of their incomes above these salaries goes to the foundation, to train surgeons for the future.

Dr. William Mayo was asked on what basis he and his brother have fixed their charges.

"That, too, was something my brother and I discussed long," he said. "When money began to come and pile up so fast it frightened us, we had to meet that problem. The thought of reducing fees generally had to be dismissed. We could not pauperize our own profession. There are thousands of physicians and surgeons who need the income from what are becoming accepted as standard fees.

"But we could do something that we did. We scaled the fee in accordance with the patient's means. And we gave the same treatment to the man without a cent that we gave to the millionaire. A man's financial standing has nothing to do with the treatment he gets from us. But it has everything to do with what we charge him."

The Friend Of All Sufferers.—Dr. Thomas' Electric Oil is a valuable remedy to all those who suffer pain. It holds out hope to everyone and relieves it by stilling suffering everywhere. It is a liniment that has the blessing of half a continent. It is on sale everywhere and can be found wherever required.

### Curious Twist Of History

Anyone with an eye for the curious twists of history must be interested in the fact that Primo De Rivera, ex-dictator of Spain, was kept alive for many years past by insulin, developed in the New World, which was discovered by a man financed by the Spanish Court, nearly four and a half centuries ago.

It is estimated that there are 200,000 drug addicts in the United States.

The star-fish has no nose, but the whole of its underside is endowed with the sense of smell.

## RESOURCES WILL BE CONSIDERED BEFORE BUDGET

Ottawa, Ont.—Legislation dealing with the return of the natural resources to the western provinces will be dealt with by parliament before the budget is brought down.

This was stated by Premier Macdonald King at the conclusion of a cabinet meeting. The prime minister said that it had been hoped to dispose of this legislation, which has for its object return of the natural resources to Manitoba, Saskatchewan and Alberta, as well as the lands in the Peace River block and railway belt to British Columbia, before the budget session.

The House of Commons had not been able to put through the legislation, so it would be gone on with when parliament resumed, before the introduction of the budget.

The date when the budget will come down depends, to a certain extent, on the progress which is made with this legislation. The prime minister made no announcement as to when the statement of the finance minister may be expected.

While Mr. King gave no intimation to this effect, it is assumed that the importance of the natural resources legislation has prompted the government to try and get it through before the budget comes down.

Once the budget is introduced in the House, debate on it will be practically continuous, probably for some weeks.

There is also the possibility of the budget debate becoming so strenuous that dissolution of parliament might be precipitated. In that event the natural resources legislation would fall by the wayside, and the work which has been done might be of little avail.

## Two Vancouver Teachers Drowned

One Sacrificed Life in Attempt to Rescue Friend

North Vancouver, B.C.—J. A. Hyndman, Vancouver, and F. E. Lethian, Vancouver, teachers in Charlton school, Vancouver, perished in Lynn Creek before the eyes of 18 girl pupils they had taken for a mountain hike.

Mr. Lethian sacrificed his life in a gallant attempt to save his friend.

The party had reached Second Canyon and Mr. Lethian safely crossed the large log that serves as a bridge, when Mr. Hyndman lost his balance halfway across and fell into the boiling current.

Without hesitation, Mr. Lethian plunged into the swollen creek, but failed to reach his friend, before both were swept over the falls and perished.

## Aliens Risk Death To Reach States

Caught By Officers After Crossing Niagara River Above Rapids

Niagara Falls, N.Y.—Crossing the Niagara river in a frail boat, a short distance above the entrance to the treacherous whirlpool rapids, four aliens braved death in their attempt to enter the United States illegally.

The aliens were caught by immigration border patrolmen after they ascended the 200-foot bank of the gorge by means of a iron ladder that runs down a steep cliff, but the runner who had transported them escaped.

## Japanese Royalty Starts Tour

Tokohama, Japan—Japan's Imperial newlyweds, Prince and Princess Takamatsu, sailed from this port, aboard the "Kashima Maru," for Europe, on a honeymoon, which will last over a year, and will encircle the globe. They will visit most of the courts of Europe and will spend three days in Canada, probably before sailing for home, from some Pacific port, around May 1, 1931.

## Plots For Prince Killed

Cairo, Egypt—Aeroplane in which the Prince of Wales travelled here from Khartoum crashed at Heligopolis aerodrome shortly after taking off on its return flight to Khartoum. The occupants were killed. The victims were Pilot Officer K. S. Barron and Aircraftman C. Davies.

## Looking For Honors

Geneva—Venezuela representative at the League of Nations headquarters here asked that his country should have next turn in supplying the president of the league. His request was referred for decision to the next session of the league council.

W. N. U. 1835

## Parachute Saves Aviator

Plane Crashed From Great Height At Sacramento, Cal.

Sacramento, Cal.—Lieut. I. A. Woodring, 81st Pursuit Squadron, Rockwell Field, San Diego, leaped to safety with his parachute when his plane crashed on Mather Field from a height of 2,000 feet during a "dog fight."

Captain H. M. Elmendorf and Lieut. Woodring had withdrawn from the pursuit formation flying in review to stage an aerial combat. Suddenly something was seen to fly off Woodring's plane, and at the same instant the flyer leaped from the cockpit. He floated to the field unharmed. The plane crashed within 200 feet of the spot where the pilot landed.

Lieut. Woodring was pilot of the "plane which, in the summer of 1927, was in fatal collision with that of Lieut. Thad Johnson, as the latter missed his landing at Uplands Field, Ottawa, at the end of a flight as part of the escort to Col. Charles A. Lindbergh who flew to the Canadian capital to take part in the celebration of the Diamond Jubilee of Confederation.

Johnson jumped as Woodring's propeller smashed the tail assembly of his machine, but he was too close to the ground and his parachute failed to open.

## Australia Wants Native Viceroy

Chief Justice of High Court Has Been Recommended For Office

London, Eng.—The old and much disputed question of whether the British dominions should have governors-general of their own nationality is likely to be settled once and for all by Australia's demand that the successor to Lord Stonehaven should be an Australian.

Sir Isaac A. Isaacs, chief justice of the Australian high court, has been recommended as the Commonwealth's next governor-general, and although the dominions office here is silent, it is understood that a precedent in this connection will probably be established.

Sydney, Australia.—Addressing the first annual meeting of the new Australian party, Hon. William Morris Hughes, Maritime Prime Minister of Australia, and its leader, said it did not matter to the party who governed Australia so long as it was governed well. Therefore the Australian party would support good government wherever they found it. He had some criticism, however, for the recent government of Rt. Hon. Stanley Bruce, declaring its only remedy for financial depression was reduction of wages.

## Received By King George

Canadian Minister To France Has Interview At Windsor Castle

London, Eng.—Canada's minister to France, Hon. Philippe Roy, was received by the King at Windsor Castle, where he spent 20 minutes chatting with His Majesty, mostly about Canada.

"I was surprised at the health and vigor of the King," Mr. Roy said after the interview. "I was formerly a doctor and thus able to judge. I think the King is in better health than he has been in many years."

Mr. Roy told His Majesty that the first time he saw him was when he (Roy) was a student at Laval University in Montreal in 1891 and the King an officer on a British ship then visiting Canada.

The Canadian minister has seen King George on several occasions since, but this was the first opportunity of speaking to him since his appointment as Canadian minister in Paris.

## Ship Enters Wrong Port

Orders Mixed and Seattle Cargo Goes To Vancouver

Vancouver, B.C.—One often hears of persons getting into wrong hotel rooms, but seldom hears of a vessel getting into a wrong port. The oil tanker "Los Alamos," bound from San Pedro to Seattle, arrived here and asked the local agent for orders. The master of the vessel soon found out, however, that somebody had blundered and his cargo was bound for Seattle, not Vancouver. He and his vessel got out of port on the same tide.

The agents are trying to find out who blundered. A "bad half-hour" is promised for someone.

## Starts New Air Service

New York, N.Y.—Still blazing new air trails, Col. Charles A. Lindbergh has inaugurated the new Trans-Canada Airways by making a dawn-to-dusk flight from Havana to Cristobal, Canal Zone.

## C.N.R. To Be Reconstructed

Endorsement Of Amalgamation Of All Companies Is Expected

Ottawa, Ont.—The reconstruction of the financial structure of the Canadian National Railways will be started on this session of parliament with the passage of a bill to amalgamate into one corporate body all the various companies which now make up the C.N.R. Initiative to this effect came from the Department of Railways and Canals. It is not expected, however, that the further steps of consolidating the various bond issues and otherwise reorganizing the whole financial structure will be proceeded with this year.

The bill to consolidate the companies, it is believed, will not be contentious and will go through with little discussion; but to deal with the financial structure would take a great deal of time, even if the preparations were far enough advanced, which includes consent of the various bondholders. If there is to be a general election this year, legislation taking up so much time would likely find the going difficult.

## French Flier Honored

Notable Figures In Aviation Attend Funeral In New York

New York, N.Y.—Representatives of the French Government and notable figures in the field of aviation, including Col. Charles A. Lindbergh, paid their last respects to Count Henri de la Vaux, president of the Federation Aeronaute Internationale, who was killed in an accident at Jersey City, N.J.

While aeroplanes circled in formation overhead, the Rev. Theophile Wucher conducted a requiem mass in the French church of St. Vincent de Paul. Then the body was removed to the French line pier to sail on the "De Grasse" for the dead aviator's native land.

## BIG INDUSTRIES MAY LOCATE IN COAST PROVINCE

Vancouver, B.C.—Three major industries are making extensive investigation with the object of establishing in British Columbia, and one of them — one which would mean the building of a very large industrial plant — is almost certain to decide in favor of this province, according to Premier S. F. Tolmie, who passed through Vancouver en route to Victoria after a visit to Eastern Canada. The premier's visit to Ottawa convinced him that the International Sockeye Salmon Treaty will be passed at the present sitting of the Dominion Parliament providing amendments which may be made by the United States are satisfactory.

The premier said that the Dominion Government will investigate the Yukon section of the proposed Alaska Highway. Premier Tolmie finds that British Columbia owes a debt to the members of the Australian lumber delegation, when he met in Ottawa. There is much evidence with which they did their work.

While in Ottawa the premier took up the matter of the five-year census for British Columbia. The province enjoys this at present and he feels that British Columbia would benefit from the same provision. He promised to pursue the matter further.

## FRENCH MOTOR EXPERT

Miss Amalacda Norden is probably the most efficient woman in all of France when it comes to knowing her A B C's about motors. Whether they are automobile, aeroplane, marine or any other variety of engine, Miss Norden knows as much if not more, about them than many so-called male experts.

## Athlete From West Again In Limelight

Eichel, Catherwood Training For Sports' Event In Toronto

Toronto, Ont.—After a long lay-off Eichel Catherwood, from Saskatoon, who set the athletic world talking when she came out of the west three years ago, in resuming her high jumping activities shortly. The holder of the girls' world record of five feet three inches, made at the 1928 Olympic games, has jumped at a meet only once since her return from Amsterdam, and then only gave a exhibition at the Coliseum in the following February. Last summer she spiked herself while training and the injury was long in healing, keeping her out of all the meets. She will give a special exhibition at the Summer sports in June. Walter Knox and "Ab" Chilcott will look after her training at Hampden Park.

## Coming To Canada

British National Union Sending Party Of Farmers On Tour

London, Eng.—The British National Union, it is announced, is arranging to send a party of farmers to tour Canada during August and September. There had been a great deal of talk lately of British agriculture being "behind the times," and it is hoped the interchange of ideas which will result from the visit may be of value to the party while it is possible they may also be able to give some counsel on certain problems of the soil with which those of the homeland have had more experience than the farmers of the new world.

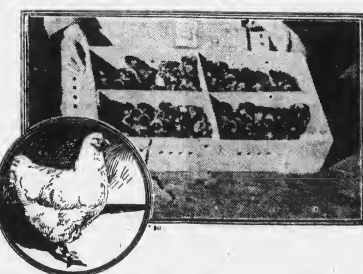

## Expect Early Release

Toronto.—Chinese officials are in communication with the captors of Rev. C. A. Bridgman, Canadian United Church missionary in West China, and hope to negotiate an early release, said a cablegram to foreign mission offices in Canada from the mission station at Chungking, West China.

## France Denies Report

Paris.—Information appearing in newspapers of foreign countries to the effect that France would build a new cruiser of 27,000 tons, armed with eight guns of 12-inch calibre, has been officially denied.

## One Day Old, but Lively

Every spring millions of baby chicks go out from the British Columbia coast and Vancouver Island to the interior of the province and the Prairie Provinces. Hatched earlier on the milder Pacific slopes than elsewhere in Canada, they are rushed by Express across the country to poultry breeders inland. Taken when they are but one day old, they are placed in cardboard boxes with breathing holes punched in them, and loaded into express cars kept at just the right temperature for their benefit. They can go 72 hours without food or water. Above packages has just been landed at Vancouver and is being examined prior to train shipment. According to officials of the Canadian Pacific Express Company which annually handles millions of these fluffy balls, the traffic is growing steadily from year to year.

## King May Appoint New Poet Laureate

Successor To Dr. Robert Bridges Not Yet Named

London, Eng.—The literary and the ordinary public too are wondering who will be the next poet laureate, or if indeed there will be any successor to Dr. Robert Bridges. The question of whether his honorary position would lapse was raised after the death of Lord Tennyson, and Tennyson's successor, Austin, was not appointed until Tennyson had been dead four years.

Lord Tennyson, who died in 1892, was the last poet who actually performed in any measurable degree the direct duty of the poet laureate, namely, the writing of a poem or ode when the monarch was buried with anything of extra moment. The day for writing poetry at the king's command has, of course, long since gone.

But it is likely that His Majesty, after a reasonable interval, will, on the advice of the prime minister, confer the title of poet laureate upon some scholarly man of verse and thereby continue this special royal recognition of poetry, which began as early as the days of Chaucer, who received an annuity of wine from the King's wine butts.

## Noted Soldier Dead

Sir Gordon Guggisberg Served Empire In Many Ways

London, Eng.—Few men have had a more versatile career or a greater variety of Empire service than Sir Gordon Guggisberg, noted soldier and colonial administrator, whose death here came as a shock to official circles.

Sir Gordon had been governor of British Guiana since 1928. He was 60 years of age and Canadian-born, his birthplace being Toronto.

Sir Gordon Guggisberg had a distinguished career in the war and before and after the war served his king in the east, in Africa and in South America. Sir Gordon was a graduate of the Royal Military College at Woolwich, and while military promotion was for a long time slow matter for Gordon Guggisberg, in this he suffered what was but the inevitable lot of most peace time soldiers.

## Canadian Prisons Fireproof

Ohio Disaster Could Not Happen Here Says Superintendent

Ottawa, Ont.—"Positively impossible," was the comment of General W. St. Pierre Hughes, superintendent of penitentiaries here, when asked if a fire such as destroyed the Ohio state institution with the loss of more than 300 lives could happen in any Canadian penitentiary. "Our institutions," said General Hughes, "are entirely fireproof."

All the cell blocks in the Canadian penitentiaries were fire-proof, he said.

## TREATY SIGNED BY DELEGATES OF FIVE POWERS

London, Eng.—The "London naval treaty," 1930, was signed by the delegates of the five powers in St. James Palace, and the conference opened by King George V, three months ago adjourned.

A few hours later the U.S. delegates entrained for Southampton and boarded the "Leviathan," which waited a day for them and in which they sailed for home. The French and Italian delegates departed for Paris and Rome respectively after the signing ceremonies were over.

The full text of the treaty was officially made public at the moment when Secretary of State Henry L. Stimson sat in an old state chair covered in red velvet and appended the first signature to the Moroccan bound document opposite a red seal with a blue ribbon attached. It contains nothing not exhaustively discussed previously in these and other despatches.

The 82-nd annual conference began its sixth and final plenary session in dignified, almost sombre mood which was maintained during half an hour of oratory. But at the end the veteran French statesman, Foreign Minister Aristide Briand, exercising all his famous charm, wit and good nature, brought the delegates, their advisors and the hundred correspondents who filled Queen Anne's drawing room to their feet laughing and applauding as he solemnly transferred to the collective ownership of the conference to the private ownership of our chairman, Monsieur MacDonald, a gold pen presented for the treaty's signature.

## DISORDER IS SPREADING IN INDIAN EMPIRE

Bombay, India.—British authority is confronted with an increasingly grave situation in India. Serious rioting and fighting with troops was reported in widely-separated sections of the Empire as the anti-government movement spread. An Indian rebel, armed with two revolvers, was killed at Chittagong, after grave disorders at Peshawar—thousands of miles to the west.

At Peshawar, important outpost city near the entrance to Khyber Pass, one or more British soldiers and 20 native rioters were killed reports said, when a mob protested arrest of several anti-government agitators.

A Lahore despatch, explaining the events, said that the outbreak was suppressed only when Gurkha troops poured machine-gun and rifle fire into the mob, which had held up an armored car, poured kerosene on it, and burned it. Both occupants were burned to death.

At another point in the bazaar, a British sergeant on a motorcycle approached the rioters, who pulled him off his machine and hacked him on the face with an axe. He was said to have died of his wounds. The deputy commissioner, and other police officers were badly wounded and sent to hospitals.

British and Gurkha troops took absolute charge of the city, and were said to be maintaining a strong guard at the gates to prevent the return of the hill tribesmen, who are of far different fighting stock from the Hindus and swarmed down when there are disturbances with the hope of loot. There are sections about Peshawar over which British authority never has been fully extended.

## Alberta's Election Date Set

June 19 Is Day Selected According To Official Announcement

Edmonton, Alta.—The Alberta provincial election will be held on Thursday, June 19. Official announcement of the date was made by Hon. George Hoadley, acting premier, speaking for Premier Brownlee, who is at present at Vancouver.

The U.P.A. government still has one year of its five-year term to serve, but the calling of an election has not been entirely unexpected as the U.P.A. have been in power for some time that this would be done.

The following statement was issued by Hon. George Hoadley, on behalf of Premier Brownlee, in announcing the election:

"In keeping with its promise during the recent session that if an election were to be held this summer ample notice would be given, the government announced its decision to hold an election this summer, with polling day fixed for the nineteenth of June."

## Conference Of Premiers Indefinitely Postponed

Original Date Was Not Convenient For All Officials

Winnipeg, Man.—Parley of prairie premiers, set for Winnipeg, to discuss immigration, has been indefinitely postponed. Premier Bracken of Manitoba states that the conference, at which a policy of action is expected to be outlined for Manitoba, Saskatchewan and Alberta, will probably be held some time next month.

The original date of April 29—was found not to be convenient for all officials concerned. If, and when the prairie premiers do gather at Winnipeg, their session will be preliminary to the Dominion conference, at which the provinces will be represented. Such a conference is planned for mid-summer at Ottawa.

## Quarantine Districts Selected

Ottawa, Ont.—Several rural municipalities in Saskatchewan have been constituted restricted areas or quarantine districts for the eradication of bovine tuberculosis under the animal contagious diseases act. The proclamation creating the restricted areas has been officially issued. Municipalities involved are Moose, Cory, Loganport, Park, Warman, Wood Creek and Big Arm.

## Water Tests For Churchill

Ottawa, Ont.—Tests of the water which is to furnish the supply of Churchill are being made for the Department of Railways and Canals here, and so far the results have been satisfactory. The chief fear was that the water might contain an accumulation of various salts. While the water is what is termed "hard," it is suitable for human use.

100 letter size paper for \$1.00, print-  
ing limited to three lines consisting  
of name and address. Cash at the  
time of ordering. Leave an order for  
your personal correspondence.

**Coleman Prize Winners  
at Musical Festival**

Among the competitors from  
Coleman was Freda Antrobus, who  
was awarded second prize in the  
vocal class for competitors under  
ten years, and also first prize in  
pianoforte for those under 12 years  
of age. Her teacher is Miss Mad-  
eline Chardon, of Blairmore, who  
had a large number of successful  
entrants from among her pupils.

Elizabeth Moores was awarded a  
medal as second prize winner in the  
violin class for those over 13  
years of age. Her teacher is Mr.  
W. H. Moser, of Hillcrest, many  
of whose pupils were prize winners.  
Al Phillips, baritone singer, of  
Coleman, was given a first for his  
solo.

The adjudicator's remarks on  
Coleman orchestra's selection were  
as follows: Claironet solo rather  
unsteady at the commencement,  
but intonation good—the accom-  
paniment fairly well managed. The  
Allegro vivo was taken at a very  
nice pace, with a nice regard for  
expression; solo cornet good mus-  
ical tone, free from "blatancy." The  
Allegro moderato was a little  
uncertain at the commencement,  
but later came into their stride.  
Claironets playing smoothly; en-  
semble in Anvil Chorus quite ef-  
fective in balance and blend. Al-  
legro moderato well done, being  
full of vitality and spirit. A very  
good performance.

Suite B.—Allegro non troppo—  
wood winds quite good at foot of  
page 6.

Spirit Dance "Lento," a little  
uncertainty in the introduction  
but tempo quite good; strings doing  
quite well with the melody. Inner  
voices not always secure in inton-  
ation.

"Armida," Andante—strings do-  
ing excellent work here, accom-  
paniment nicely subordinated.

"Finale," good broad phrasing  
in the finale and pitch well main-  
tained. Marks awarded 164.

In connection with the festival,  
it is regretted that entrants from  
Coleman were not as numerous as  
in former years, and an effort will  
be made to stimulate more interest  
in the festival next year, so that  
this town may be more fully rep-  
resented.

**Coleman Tennis Club**

The system of allotting courts for  
play during the season 1930 will be  
as follows:

A board will be furnished upon  
which each person desiring to play  
will put his or her name.

As each court becomes available  
the person at the head of the list  
will be entitled to the use of same  
for one set and will make up the  
set from among the players whose  
names appear on the board.

When a set is so arranged and  
taken over the court the names of  
those comprising the set will be  
erased from the board and the per-  
son heading the list will be entitled  
to the next available court and to  
make up a set.

After completing a set the play-  
ers will be entitled to again put  
their names on the board.

No player who has completed a  
set will be available until the play-  
ers whose names appear on the list  
above the name of such player have  
played or have signified their in-  
tention of waiting.

The club rules relating to the  
length of sets and the playing of  
singles while others are waiting re-  
main as before.

## ST. ALBAN'S CHURCH, COLEMAN

Service, Sunday, May 4, Holy  
Communion 11.15 a. m.

Confirmation service and dedica-  
tions by the Bishop on Wed., May  
14, at 8 p. m.

Diocesan Gazette. Subscribers  
would oblige by paying their sub-  
scriptions for 1930 to the rector by  
the end of May if possible.

**Car Overturned on Red Trail**

On Friday morning last, about  
four miles east of Pincher station a  
Studebaker Sedan driven by Gilbert  
Hoyle ran into the ditch and over-  
turned, one of the passengers, Nor-  
man Packer, of Blairmore, being  
injured, his collar-bone being bro-  
ken. The other passengers were  
Rev. A. D. Currie and Wilfred  
Hoyle, and they were proceeding  
to Lethbridge to attend the Boys  
Conference.

The wrecking crew from Mor-  
gan's garage at Pincher Creek hauled  
the car to that town, and after  
the injuries of Packer had been at-  
tended to, the party returned to  
their homes, badly shaken up from  
the accident. The top of the car  
was badly damaged and consider-  
able glass broken. The passengers  
clambered out through the win-  
dows, and were taken into Pincher  
Creek by Dr. Melvin, of Leth-  
bridge, who happened to be travel-  
ling westward.

**Biography of Bernice Claire**

Born in Oakland, Cal., nineteen  
years ago, Bernice Claire, leading  
lady of First National's production  
of "No, No, Nanette," is today the  
youngest American prima donna  
on stage or screen.

When she was in her early teens  
the famous diva Jeritza heard her  
singing, and Bernice became her pro-  
tege. Graduating from high school,  
she went on the stage as under-  
study to Vivienne Segal in "The  
Desert Song." This was when the  
successful operetta was playing on  
Broadway. Later, in Chicago, Miss  
Segal fell ill, and Bernice, stepping  
into her role, scored a triumph.  
The leading man was Alexander  
Gray.

"No, No, Nanette" will be shown  
at the Palace theatre, Coleman, on  
Monday, Tuesday and Wednesday  
of next week.

**Advertising Agencies Amalgamate**

The Crawford Harris Advertising  
Service, with offices in all western  
cities, have merged with one of the  
largest agencies in Canada, the  
J. J. Gibbons Co., Ltd., of Toron-  
to. Reg. G. Smith, well-known  
manager of Calgary branch of Craw-  
ford-Harris, will retain direct su-  
pervision of Alberta business, and  
under the amalgamation the scope  
of the western company will be  
greatly widened. The Crawford-  
Harris Advertising Service has de-  
veloped a large volume of western  
advertising, and has built up splen-  
did prestige by its business-like  
way of handling clients' business  
and with the daily and weekly  
newspapers in Alberta.

Minerva Chapter O. E. S. held a  
whist drive and social last Thurs-  
day evening, and the following  
were the prize-winners: Mrs. J.  
Richards, Mrs. Alex. Easton and  
Mrs. A. F. Short (consolation).  
The guinea prizes were won by Mrs.  
Harry Garner (playing as gent),  
A. F. Short and J. Nash.

**Delegates to Convention**

Dave Gillespie, secretary of the  
miners' local union, R. Sudworth  
and J. Stokuluk were appointed to  
attend a convention which was an-  
nounced to open on Monday in  
Calgary. It was called by the  
Unity League, behind which is the  
Communist Party of Canada, and  
this party, through its paper, The  
Western Miner, published at Leth-  
bridge, is endeavoring to oust from  
office the executive officers of the  
Mine Workers Union of Canada.  
This attempt to gain control of the  
union, according to the propa-  
nda circulated by the Communists,  
is for the purpose of organizing a  
strike in the coal mining districts  
instead of submitting disputes to  
boards of conciliation or by com-  
promise between the unions and the  
operators.

Officials of the Mine Workers  
Union of America also came under  
the fire of the Unity League, which  
is holding a demonstration to day  
at Blairmore.

**Here and There**

Seventeen European races con-  
tributed songs, folklore and handi-  
craft work while inhabitants of  
Labrador, the Arctic Circle, the  
Maritimes, Pacific Coast, and In-  
dians furnished their quota to-  
wards the brilliant success of the  
Great West Folk Dance, Folk  
Song and Handicraft Festival, held  
at Calgary, March 19-22. The Pro-  
moter of the province, the Lieuten-  
ant-Governor and D. C. Coleman,  
vice-president, Western Limb and  
J. M. Gibbons, General Publicity  
Agent, representing the Canadian  
Pacific Railway, gave inspirational  
addresses in this effort to "broad-  
en, stabilize and elevate Canada's  
national consciousness."

Recuperation of Europe from  
economic ill effects of the war and  
the return of European nations to  
active and formidable competition  
in world's production is making it  
more and more essential for Can-  
ada and the United States to de-  
velop the vast potential markets  
of the Orient," said Louis Geun-  
ther, publisher of the New York  
Financial World, who sailed from  
Vancouver recently aboard S.S.  
Empress of Asia for a tour of  
China and Japan.

Widespread interest aroused in  
the United States as well as Can-  
ada by the musical programmes  
broadcast by the Canadian Pacific  
Railway on Friday evenings over  
its own transcontinental network  
have led to negotiations between  
the railway and the National  
Broadcasting Company of New  
York, under which Canadian Pacific  
will supply WJZ and associated  
stations with a series of Canadian  
programmes made in Canada by  
Canadian talent. Five million  
receiving sets owned in a population  
of sixty millions will be reached  
by this extension which com-  
menced first week of April.

Dairying was a profitable indus-  
try in the three prairie provinces  
of Canada last year when its value  
totalled \$57,629,000. In eleven  
of the large exhibitions held through-  
out Canada during that year these  
three provinces were awarded  
eighty per cent. of all first prizes  
in butter and 86 per cent. of all  
prizes, over half of which went to  
Manitoba.

According to a recent compila-  
tion made by the Canadian Govern-  
ment Bureau of Statistics, the  
average value of the occupied farm  
lands of Canada as a whole, includ-  
ing both improved and unimproved  
land, as well as the dwelling  
houses, barns, stables and other  
farm buildings, is returned as \$37  
per acre for the year 1925.

## **Ask Yourself Is It?**

When you ask for a certain line of goods, a line which you have seen advertised in newspapers ---and you are told "Here is something just as good and cheaper," it is time to do some thinking. If there is more profit in selling goods not advertised, and you are buying at a saving, there must be something wrong somewhere---and usually that is loss of quality---something left out that is **THERE** in the advertised commodity you originally asked for.

It is well to remember that a manufacturer invests his good dollars in advertising space because he knows his product is right. The fact that he advertises in newspapers so that "he who runs may read" is evidence that he knows his claims are right, and that he is ready to stand behind his merchandise and the stores that sell it.

## WORLD HAPPENINGS BRIEFLY TOLD

No more British trainees will be placed on Ontario farms by the province. The government announced the experiment had not proved satisfactory.

Sergeant-Major William J. Clement, Quebec's oldest soldier, celebrated his 93rd birthday, April 22. He has spent a lifetime in the army, yet has never seen a single battle.

Robert Bridges, poet laureate of England, died in London, April 21. Mr. Bridges, who has been poet laureate since 1913, was 86 years old. His works were known all over the world.

Official announcement has been made for rendition of Weihaiwei, a British leasehold in Shantung, back to China. The agreement was signed by Sir Miles Lampson, British minister, and C. T. Wang, Chinese foreign minister.

Coming to the end of their long road, the delegates of the great five naval powers affirmed their signatures to an historic treaty limiting and reducing the navies of three of them and placing certain restrictions upon the sea forces of the other two.

If the luck of certain Port Burwell, Ont., fishermen keeps up, housewives soon may be ordering goldfish from the fish shops. Fishing in Lake Erie, about a mile west of the harbor, the fishermen brought in a live goldfish, about eight inches in length, in their nets.

When Lord Byng returns to England, he will apparently resume his duties as chief commissioner of Metropolitan Police and head of Scotland Yard. He has been staying with a friend near Port Elizabeth, S.A., recuperating from his serious illness of last December.

### A Picturesque Ceremony

One of the most picturesque ceremonies held in Rome, Italy, this year, was on the feast of St. Agnes, when the blessing of the lambs was observed. White-veiled girls carried the garlanded animals from the fleece of which is woven the pallium worn by Roman archbishops through the streets in procession before the blessing.

Ninety per cent of the people now in Manchuria are Chinese.

## FAINT, DIZZY SPELLS

### Had To Sleep Dropped Up In Bed

Mrs. Norman Bishop, Salisbury, N.B., writes:—"I was troubled with faint and dizzy spells and when I would lie down I would suffer thrills with another spells. I got so bad I had to sleep propped up in bed."

"My doctor said it was my heart and nerves, and that I needed a good heart tonic."

"I was advised to take

and I had not taken one box when I could lie down and sleep like a child."

Price, 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## News For Horse Lovers

### Statistics Show They Are Hard To Displace

That farmers all over the world realize the advantages of horses for agricultural work, is shown by the following figures just published by the National Horse Association:

In 1788 the only horses in Australia were one stallion, three mares and a colt. In 1800 they had increased to 230; in 1850 to 159,851, and now there are 2,250,361.

In Great Britain there are 1,204,198 horses engaged in agriculture. Despite the enormous depletion of horses in France during the war, there are now 3,000,000 in that country.

Although millions of pounds have been spent in the United States trying to displace them, there are 20,000,000 horses and mules in the country.

Germany has 3,805,000 horses, excluding those attached to the Army.

### Irrigation Project a Success

#### Value Of Production In Lethbridge Area Greatly Increased

Farmers in the Lethbridge Northern Irrigation Project were very successful in 1928, according to the annual report tabled in the Alberta Legislature by Hon. W. V. Smith, Minister of Railways and Telephones. The value of production that year was \$2,477,500, or an increase of \$932,257 over the year before. The occupied part of the Project is growing each year and now represents about half of the whole.

(By Eva A. Tingey)

### YOUTHFUL CHARM

All Tingey models are created and sketched in Paris and the patterns are made in New York. Here's a darling frock for college girls and debutantes. It has a moulded bodice and a softly flared skirt — a style adorable for slim young bodies. The collar and cuffs are charming too, easy to make and yet so fascinating when finished.

Flat silk crepe and wool crepe are lovely for this model, but another suitable and charming medium is marocain.

Imagine, for instance, soft green or scarlet marocain, with organdie ruffled with cream tinted valenciennesses to match.

Another extremely pretty way of treating the collar and cuffs is to use organdie with ruffles of narrow matching ribbon. Sometimes this can be purchased with a tiny metal edge which makes a most attractive finish.

Of course a bought collar and cuff set can be worn with this model. This pattern may be obtained in sizes 14 to 20 and 34 to 38. It is hand cut.

Pattern price 25 cents. Be sure to fill in size of pattern. Address Pattern Department.

## DON'T SUFFER WITH DANGEROUS INDIGESTION

Do you suffer after meals with a belching, from sour and acid stomach? Many believe they have heart trouble and tremble with fear, expecting any minute to drop dead. This condition can be prevented, relieved.

Take Carter's Little Liver Pills after meals and neutralize the gases. Sweeten the sour and acid stomach, relieve the gas and encourage digestion. The stomach, liver and bowels will be freed of poison, painful and dangerous indigestion disappears and the system enjoys a tonic effect. Don't delay. Ask your druggist for a 25c pkg. of Carter's Little Liver Pills.

### Annuities For Judges

#### Legislation To Be Introduced At Present Session Of Federal Parliament

Legislation respecting annuities to judges of the Supreme Court of Canada and the Exchequer Court on reaching the age of 75 years is to be introduced at the present session of parliament.

A resolution placed on the order paper of the House of Commons by Hon. Ernest Lapointe, reads:

"That it is expedient to amend the Judges' Act to provide that an annuity equal to his salary at the time he ceased or ceases to hold office may be granted to a judge of the Supreme Court of Canada or of the Exchequer Court of Canada who held office on March 31, 1927, and continued or continues in office until he attained or attains 75 years of age; and that an annuity equal to two-thirds of the salary annexed to the office which such judge holds at the time he ceases to be a judge may be granted to a judge of the said courts, appointed after March 31, 1927, attaining 75 years of age after service of 10 years in that office and as judge of a provincial superior court."

### Recipes For This Week

(By Betty Barclay)

#### PRINCESS SALAD

(Serves 6)

½ head lettuce.  
1 can green asparagus tips.  
2 fresh tomatoes.  
2 large oranges.  
Pimento and mayonnaise.

Place one slice of tomato on each salad plate on which has been arranged a bed of lettuce. Pyramid 3 asparagus tips on tomato slice. Top off with mayonnaise and a strip of pimento. Arrange 4 sections of orange around the tomato.

#### ECONOMY MEAT PIE

Cut left-over meat and vegetables into uniform medium-sized pieces. Mix with an equal amount of medium cream sauce (1 cup milk, 2 tablespoons flour, 2 tablespoons butter). Season well with onion, salt, pepper, etc. (Use left-over gravy with cream sauce if possible). Cover with a thick pie crust, biscuit dough, or layer of left-over mashed potato mixed with milk (one slightly beaten egg can be added to potato if desired). Bake in a moderate oven until the crust is cooked, or until browned and heated through if potato is used.

### Banquet For Livestock Men

Old Timers Will Be Entertained At Calgary Exhibition

One of the events of the 1929 Calgary Exhibition and Stampede will be the dinner to be given by the Canadian Pacific Railway on Tuesday, July 8th, to the men who were actively engaged in the livestock industry in the territory bounded by Moose Jaw on the east to Kamloops on the west, and from Red Deer River on the north to the International boundary, prior to December 31st, 1920. The guests must have been at least 20 years of age at that time and engaged in the ranching business either as owners, managers, foremen, cowpunchers, cooks or horse wranglers.

Filleting Of Fish in the Peter Pond district, a couple of hundred miles north of the International boundary in Saskatchewan, was undertaken this winter for the first time, when 40,000 pounds of whitefish and 5,000 pounds of jackfish were filleted.

In China there is one qualified doctor for every 740,000 inhabitants. In Great Britain the proportion is one to 1,400.

Grand Falls, in Labrador, is said to be the highest waterfall in the world. It is 2,000 feet high.

About one-half of every home in a human body is phosphate.

## SUNDAY SCHOOL LESSON

MAY 4

### GIVING UP ALL FOR THE KINGDOM

Golden Text: "Lay up for yourselves treasures in heaven." — Matthew 6:20.

Lesson: Matthew 19:1-29.

Devotional Reading: Proverbs 8:1-11.

### Explanations and Comments

In regard to Giving Up All For the Kingdom, verses 16-22—And behold one, a ruler of the synagogue, as Luke tells us (18:18), came to Jesus the question, "Teacher, what good thing shall I do, that I may have eternal life?" His question was a natural one for the religious teachers, the rabbis, differed greatly among themselves in their teaching and their practice. "His coming must have been as welcome to Jesus as the visit of the mothers with their children; a man not belonging to the class of self-satisfied religionists of whom he had had ample experience; with more given by the religious mind, and a good, honest heart; a malcontent, probably with the teaching and practice of the rabbi and the rabbi himself, to the anti-rabbinical Teacher in hope of hearing from Him something more satisfying—A. B.

"Why askest thou Me concerning that which is good? One there is who is good," and to obey His will is to find your right course of action, was Jesus' answer. "But if thou wouldst enter into life, keep the commandments," Jesus further explained "Which?" very naturally questioned the young man for he knew the ten commandments there were many other laws given by Moses and a multitude given by the scribes. In answer, Jesus cited the sixth, seventh, eighth, ninth and fifth commandments of the Decalogue, all of them bearing upon one's treatment of others, and then added from Leviticus 19:18, "And, Thou shalt love thy neighbor as thyself." All these things have I observed: what lack I yet?" the young man returned in surprise. Decca Farrar voices the young man's thoughts: "Surely the Great Teacher to whom have come seeking for some great thing to do, or secret thing to know, cannot possibly give His answer that I am to keep these old, simple, elementary Ten Commandments, which I have known ever since I lipped them at my mother's knee! He must mean something far beyond that." Decca Farrar comments: "It was exactly like the child in the poem who, having been talked to continually about the glory and majesty of the sea, and being led to the seaside said, 'Is that the mighty ocean? Is that all?'"

"If thou wouldst be perfect, go, sell all that thou hast, and give to the poor," answered Jesus. This was the one thing necessary for this man to do, for between him and the love of God, as well as between him and the love of his neighbor, stood the love of possessions. "For he was rich."

### Powerful New Gun

A new gun capable of firing 50 calibre bullets nine miles at a rate of 800 a minute has been accepted by the U.S. navy department and will be manufactured as one of the newest and most deadly offensive modern arms. The gun is the invention of Robert F. Hudson.

Canada's Honey Production The annual production of honey in Canada is about 30,000,000 pounds, the principal commercial users being confectioners, bakers and bottlers.

## Establishing Training Centres For Criminals

### English Prison Commission Plans To Train Men In Suitable Work

As part of the scheme to reclaim young criminals, the English prison commission will establish a series of training centres, the first of which will be at Nottingham, where men of a special class between the ages of 21 and 26 will be sent. The aim will be to train each man in the work for which he is best suited. The men will work eight hours a day.

Speaking of the scheme, an official of the prison commission said in an interview: "Probably we shall attach some of the men to the building parties and engineers. There will be physical training, and in the evenings educational pursuits."

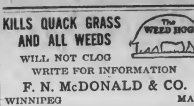

Further the official said: "Criminals will not be sent to the training centre direct by order of the courts, but will graduate from the prison to the training centre."

### Sowing Sweet Clover

The Co-operative Creamery of Cardston, Alberta, announces the receipt of orders and sales of sweet clover seed in Cardston, to surrounding farmers totalling over 10,000 pounds. This is in response to its campaign among the farmers asking them to sow sweet clover seed this spring in the interests of an improving dairy and livestock business.

### CHAPTER X.—Continued.

"I wonder who wove you," she mused dreamily. "You must have seemed almost a part of him as the weeks passed and he saw your loveliness unfold. Did he dread the finishing of his task, I wonder, knowing that at its end he must give you up forever? And did he know that when he was only a memory his work would live, cherished by some one thousands of miles from its own birthplace?"

She stooped, to brush a hand over the silky surface.

"I think you were woven on an old loom," she murmured. "You were, perhaps, the only one who, in some humble room, I think, that little children watched you grow, and touched you with small, reverent fingers. I think . . ."

Charman stiffened, suddenly conscious that a shadow was lying across the rich wine color of the old rug; and the blood flew to her cheeks as she saw Jim Bennett in the doorway. Then she sprang up, laughing, in real confusion.

"How long have you been there, listening to me go on like that?" she asked.

Jim grinned.

"Not long enough to be called an intentional eavesdropper; but long enough to wonder—"

"Wonder what?" urged Charman as he paused.

"If you'd gone dotty—making such passionate love to an inanimate object. Is it something new?"

"New!" echoed Charman in amazement. "Can't you see with a single glance that it's ages old? Oh, Jim! wouldn't it be wonderful to furnish a home with beautiful things like this? Why, just to walk on it seems a—profronation."

"In that case," commented Jim, seating himself on a corner of the doctor's desk, "I don't know as 'Home, Sweet Home' would be a real comfortable retreat. If a feller got hold of it every time he happened to step on a rug that was in the way—well, you're right, Charman, the air would be liable to become

## Picture of Health Now

"In May and June I was badly rundown and had faint spells until it was a drag to do my work. In July and August I didn't seem to pick up so I decided to try Lydia E. Pinkham's Vegetable Compound because I saw it advertised. I took two bottles and now I am the picture of health. I feel fine, do all my work and milk two cows. If any woman writes, I will certainly answer her letter."—Mrs. George R. Gillespie, Punichy, Saskatchewan.

**Lydia E. Pinkham's Vegetable Compound**

Prepared by Lydia E. Pinkham Medicine Co., Lowell, Mass., U.S.A. Sold Everywhere.

W. N. U. 1835

noon, for all I care!" Just wait till I tell Grandma, and—"

Jim laughed, a queer, choky little laugh that she knew came hard.

"Don't be an idiot!" he said. "You haven't hurt me, Charman; and I won't have you going just for that reason. Honestly, I don't want you to go now. I've got things to mull over in my mind, and you're a disturbing influence. Run along and get your work done. I'm all right."

"But I'm not," smiled the girl. She was gently propping him out of the doctor's office and toward the house. "I feel the need of air and sunshine, and it's your duty to see that I get both. You talk with Grandma while I set the dinner table, so I won't feel so hurried to get back."

She was away, leaving him standing at the door of the old parlor where Grandma Davis was keeping her accustomed vigil.

"Hello, sonny," she greeted him. "What you doing away from the bank this time of day?"

"Running down some interest money," explained Jim. "I've persuaded Charman that it's too good a day to waste indoors."

"Go 'tis," agreed the old lady, "and a ride'll do her a lot of good. I'm hoping maybe she'll get out more often when Doctor Carter gets the car he ordered. I'll be real natural for him to take her when he rides out in the country, won't it?"

"Too darn natural," replied Jim; then, to change the subject: "What's been happening on Broadway this morning, Grandma?"

"You mean Main Street? Well, I'll admit I've seen things more lively than they've been today, but Lizzie Baker lost her seersucker petticoat right on the sidewalk, and had to step out of it and scurry home. It was worth considerable to see that."

"Gosh! I'll say it was!"

Jim laughed so heartily that Charman, setting the table in the room beyond, breathed a sigh of relief, and called: "What's happened? Is it so funny?"

"It wasn't funny for Lizzie Baker," replied Grandma. "You leave that table, dearie. If you're late back the doctor can set it himself; and you mustn't keep Jim waiting. There's nothing irritates a man like being kept waiting."

"The table's set; and I won't keep him waiting a minute longer. Ready, Jim?"

He nodded, rising slowly as if reluctant to take his eyes from the picture the girl made as she waited, with the dusky hall as a background for her blue gown. A pink stain across her arm added a splash of color that matched her cheeks; and if the young man had been slow to appreciate the beauty of an oriental rug, he was certainly not slow to appreciate the charm of his old physician.

"Where's your hat?" asked Grandma. "You're not going clear to South Wickfield without a hat!"

"I most surely am! And Jim's gorgeous greenness that Jim's accustomed to, I'd be loath to lose."

"Shucks!" broke in Grandma. "Your old black straw with the pink roses is enough sight prettier than that—that—"

Words failed her, and the two young people laughed as Jim responded: "Don't worry, Grandma. She doesn't need a hat—not with all that 'woman's crowning glory' to keep off the draughts. Come on, Charman. We'll have to break the speed laws if I get you back in time to cook dinner for your boarder."

"Don't you do any reckless driving," warned Grandma, as they moved away. "I'm not so feeble that I can't start dinner if you're late. If you go past the Bascoms' you stop and get that mail order catalogue I lent to Emmy. She's liable to forget to return it."

(To Be Continued.)

## Does Not Always Work

Rich People Who Dress Poorly Sometimes Get Shabby Treatment

That the poor must dress smartly while the rich can dress as they like is a suggestion not borne out by the recent experience of one of Britain's richest men, who was turned away from a London hotel because he looked shabby. As a matter of fact, his income is about \$5 a minute, and the wage-bill of his domestic staff over £200 a week. Well known to the Scottish golf links, he has been pulled up more than once by club colleagues who have noticed that the soles of his boots have seemed desirous of parting company with the uppers.

## CORNS RELIEVED instantly!

### PUTNAM'S Corn Extractor

## Don't "Dose" Headache

RUB forehead and temples with Vicks; also melt in hot water and inhale the vapors.

This clears the head and usually brings quick relief, especially in those cases which so often accompany colds.

If headaches come too often, consult a physician.

acts 2 ways at once

## VICKS

OVER 31 MILLION JARS USED YEARLY

## Using Automatic Pilots

British 'Planes Make Long Flights With Robot Control

The entire squadron of British flying aeroplanes, used with "robot" electrical controls, has flown continuously as far as 400 miles without human pilots taking charge. Routes from South England to Scotland have been followed, with automatic pilot, actuated by radio from the ground, in complete charge, and the aeroplanes brought safely to a predetermined destination. The automatic landing is accomplished by means of a weighted wire, which, as soon as it comes in contact with the aerodrome, sends the aeroplane to "flatten out" and glide in with the engine throttle back.

## HEALTHY CHILDREN ALWAYS SLEEP WELL

The healthy child sleeps well and during its waking hours is never cross but always happy and alert. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well, if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the new-born babe with perfect safety. You can obtain the Tablets through any medicine dealer, in a complete box, or by mail, post paid, from the Dr. Williams' Medicine Co., Brockville, Ont.

## Maxims Treasured By King

Are Hung On Library Walls At Buckingham Palace

Maxims treasured by the King and hung by him on the walls of his library and business room at Buckingham Palace, were quoted by Sir Charles Ferguson, Governor-General of New Zealand, at a school which he visited during his farewell tour. They were: "Teach me to be obedient to the rules of the game. Teach me to distinguish between sentiment and sentimentality, admiring the one and despising the other. Teach me neither to proffer nor to receive cheap praise. If I am called upon to suffer, let me be like a well-bred beast that goes away to suffer in silence. Teach me to win, if I may; if I may not win, then, above all, teach me to be a good loser. Teach me neither to cry for the moon nor over split milk."

A Real Asthma Relief. Dr. J. D. Kellogg's Asthma Remedy has never been advertised by extravagant statements. Its claims are conservative indeed, when judged by the benefits which it performs. Expect real relief and permanent benefits when you buy this remedy and you will not have cause for disappointment. It gives permanent relief in many cases where other so-called remedies have utterly failed.

## Idea Is Aright

But People Should Build Foundation Under Air Castles

"If you have built castles in the air, your work need not be lost; that is where they should be. Now put the props under them," said Henry David Thoreau. Helen Keller says we cannot always realize our ideals, but we can always realize our realities, and our ideas must be practical if we are to make a religion of them and live by them. Phillips Brooks expressed a high ideal in these words: "We reduce life to the pettiness of our daily living. We should exalt our living to the grandeur of life."

The people of the Middle Ages believed that certain words possessed magical powers.

Britain claims to have the finest gold-beaters in the world.

Use Minard's for Beans.

## Where Children Broadcast

Alberta Red Cross Gives Interesting Program Every Week

In a certain broadcasting studio in the capital city of Alberta, there has been an unique broadcast, in which the artists were quite young children. C.J.C.A. The Journal, Edmonton, has for many years kindly donated its station to the Alberta Red Cross for one hour weekly. This period has been popular with the country people, especially with groups of women's service clubs, such as the Women's Institute and the U.F.W.A. Programs consist of health talks, Red Cross drama, dramatic sketches, etc. By special permission the program was turned over for an afternoon to a Junior Red Cross Branch of Grade Six pupils from Norwood school.

These young people gave an interesting feature in the presentation of a regular monthly meeting, with the young president in the chair, and the usual procedure of business etc.

The entertaining period included a pageant of health, citizenship, and happiness, entitled the Red Cross Junior. This little play was composed for the occasion of the presentation to Canada of a beautiful banner from the British Juniors to Canadian Juniors during a visit to England of Miss Jean Browne, the National Director of Junior Red Cross in Canada. The clear young voices of the Juniors rang over the ether with splendid power, and the unusual broadcast of these twenty young Albertans was listened to with much interest by the many friends of the air.

## Where Fate Steps In

People Who Come Through Serious Danger Fought By Simple Accidents

Not long ago William F. Scott, survivor of more than 200 parachute jumps and said to be the champion of the navy at this form of sport, received a fractured skull and other serious injuries near Washington, in a parachute jump? Not at all. In an ordinary automobile accident. Thus once more we see the scurry tricks that Fate reserves for men who tempt her too much. Oscar Palquist of Bridgeport, Conn., who found himself in the Atlantic Ocean after the Titanic went down, and who swam about for hours before he was picked up by a rescue ship, drowned a few years ago in a pond six feet deep. Edward Whymper, first man to climb the Matterhorn and conqueror of peaks all over the world, broke his collar bone when he slipped and fell while mounting the steps of a lecture platform. And Wallington, we seem to recall, after swindling the world out of dollars, finally went to jail because he had forgotten to deposit funds to cover a \$100 check.

That is the trouble with Fate; she doesn't come out into the open and fight fair with the weapons that have been chosen. She sneaks up and delivers a foul blow from behind. No doubt that is why she is so terrible.

## Apples Bring High Price

Cold storage of McIntosh Red apples promises to make this variety a popular winter apple. British Columbia "Mac"s are bringing the highest prices of any apples on the New York markets at present.

## Campers Carry Minard's.

A Valuable Table

Isaac Feather, of Emmaus, Pennsylvania, owns a library table built of 3,000 blocks of wood. The inlaying includes mahogany, walnut, red cedar, oak, poplar, and white pine wood. The table has been seasoned for more than 100 years. The designs include stars, diamonds, circles and semi-circles. Feather, a bricklayer, worked on the table in his spare time for a year.

Japan now has 37,000,000 postal savings depositors.

## PAIN

No matter how severe, your pain always has immediate relief!

Aspirin always stops pain quickly. It does without any ill effects. Harmless to the heart; harmless to anybody. But it always brings relief. Why suffer?

## ASPIRIN

TRADE MARK REG.

## Little Helps For This Week

"Giving thanks always for all things."—Ephesians 5, 20.

Whatsoever it be, howso it be, Amen! Blessed it is believing not to see: Now God knows all that is; and we shall thank it be!

God's will is best for man, whose will is free: God's will is better to us, yea, than ten Desires, whereof He holds and weighs the key—

He knows all what men, aforesaid each where and when—

What?—Christina G. Rossetti.

Thou alone knowest what is good for me; Thou alone art Lord of all; do therefore what seemeth to Thee best. Give to me or take from me; conform my will to Thine; and grant that with humble and perfect submission and in holy reverence I may be disposed to receive the orders of Thy eternal providence, and may equally adore every dispensation which shall come to me from Thy Hand.—Pascal.

## Nurse Gains 7 lbs. In 2 Weeks With Yeast and Iron

"I am a nurse at the hospital," writes Miss Martha Burns, "and I want to let you know that I am glad to recommend your Ironated Yeast. It gave me a good appetite. I got strong and gained 7 pounds in 2 weeks. I could write all day about how much good Ironated Yeast did for me. You would be surprised at the strength gained in 3 or 4 days." People everywhere are amazed at the wonderful benefits of Ironated Yeast. Heavy writers they were doubtless when they started. But after taking it regularly for only 3 or 4 weeks they gained 5 to 15 pounds. Ugly hollows in old skin have become gracefully rounded. Blanched skin gets clear and beautiful.

Only when Yeast is Ironated is more effective—for Iron is needed to bring out the weight-building and strengthening values of Yeast. Pleasant tablets in a handy bottle. Never causes gas or bloating. Safe—no harmful drugs.

Go to any drugstore today and get a full size treatment of Ironated Yeast. If after this generous trial you are not delighted, your money back instantly from manufacturer.

## Sheep Industry Growing

Although the sheep industry of the East Kootenay is still in its infancy, it is growing yearly in volume and prospects are for further expansion this year. The dry atmosphere, the free ranges and the entire absence of diseases are said to be special recommendations to the farmers to run small bands of sheep.

Mothers can easily know when their children are troubled, with worms, and they lose no time in applying a reliable remedy—Mother Graves' Worm Exterminator.

## Prize For Wheat

The Saskatchewan Board of Trade is offering a prize of \$350 to the farmer in the district who produces the best wheat to be exhibited at the next winter fair.

## Indigestion

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude herbs. Use what your doctor would advise. The best help is Phillips' Milk of Magnesia. For 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so efficient.

One tasteless spoonful in water neutralizes many times its volume in acid. The results are troubleless, with no bad after-effects. Once you learn this fact, you will never deal with excess acid in the crude ways. Learn—now—why this method is supreme.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

## Personal and Local

Mrs. A. Walker returned yesterday from a visit to Calgary.

Harold Houghton of Calgary is spending a few days here visiting his parents.

H. Botter, for several weeks on night duty at the C.P.R. depot, returned to Medicine Hat on Wednesday of last week.

The special offer announced by Powell's jewelry store, allowing \$30 on your gramophone if traded in on the purchase of a new combination radio set, is good for a limited time only. Particulars gladly given at the store.

Capt. Fowler, for several months in charge of the Salvation Army, has resigned, and in the meantime Lieut. Rumble is in charge.

Chas. Nicholas was a visitor to Calgary this week, purchasing additional spring and summer goods for his store.

Jimmy Evans, for the past two seasons a star player on Victoria professional hockey team, is spending the summer at his home here.

David Anderson, resident here for six years, plans on leaving in a day or two for his old home in Scotland, where he will likely remain. A number of friends plan on making him a presentation this evening.

Mr. G. R. Powell, who has been visiting his son Rosa at Calgary, is expected home this week.

Mrs. J. Houghton and Hilda, Sidney and her grand daughter Margaret motored to Calgary to spend the week-end.

D. O. Macko, of the International Co. office, recently purchased the residence of H. Snowden on Sixth street.

The partial eclipse of the sun on Monday between noon and 1 p.m. was the centre of interest for the school children.

Last Friday "Bud" Clarke celebrated his birthday, but he wouldn't tell his age, beyond the fact he has passed his 21st birthday.

Mrs. Rushton has been seriously ill during the past week. Yesterday she was reported as slightly improved, and her friends hope for complete recovery.

Antrobus' Shoe Store announces an exceptionally good buy in Wood-Lavender Line Hose. The regular \$2.00 a pair line is being sold for a short time at 3 pairs for \$4.50.

The Rev. Dr. Thomas Powell, superintendent of missions of the United Church in Canada, for southern Alberta, will preach at the morning service at St. Paul's United church on Sunday, May 4.

Mr. Melville Anderson, of Anderson & McLean, sight specialists, of Calgary, announces next visit to G. R. Powell's, Coleman, Tuesday, May 6th. 20 years experience in regular visits assures you of satisfaction in all optical work.

A box car of slebs and two cars of rock went off the C. P. R. track half a mile east of Coleman at 11 o'clock this morning, holding up the eastbound local for several hours. Men are now at work clearing the track.

Donald, the youngest son of Postmaster Graham, was badly scared last Thursday. In order to hide a bell he had been playing with, he threw it down a post hole, and in trying to get it out one foot became so tightly wedged that it was necessary for his father and C. J. Devine to dig him out. The alarm was given by some children with whom he was playing, who had become frightened at their inability to extricate him from the hole.

## Biography of Alexander Gray

This handsome young American singer and actor, who is featured with Barnice Claire in First National's production of "No, No, Nanette," is a Pennsylvanian and a graduate of Penn State College. For a time he was editor of a trade paper; then he was advertising manager for a truck company in Chicago; but all the time he was studying music, and presently he went to New York and secured a place in the Ziegfeld Follies. Then he appeared in "Sally" opposite Marilyn Miller—a role which he has just repeated in First National's screen edition of the famous musical comedy, again with Miss Miller.

"No, No, Nanette" will be shown at the Palace theatre, Coleman, on Monday, Tuesday and Wednesday of next week.

## Radio Beacon Site Selected Near Macleod for Mail Planes

Ottawa government officials of the department of radio visited Macleod during this week and located a transmitting station site a few miles south of town, where an operator will be placed and a beacon light will be erected for the guidance of the mail planes on the Crows Nest route. Erection will be made early this season.
